

# Program Manager - Ref. Code 50007286

## Your responsibilities

- Accountable for competitive performance of the assigned helicopter program in terms of Cost, Gross Margin, Quality & Timing – Profit & Loss responsible
- Manage assigned contracts from proposal through completion
- Responsible for customer satisfaction by ensuring that customer, technical and certification requirements are met.
- Ensure close coordination of the Program Office with Sales, Engineering, Operations and Customer Service within MSH
- Release customer configuration on time and manage changes
- Ensure compliance of all program and product requirements

## Your qualifications

- Hold an engineering degree (or MBA with engineering background)
- Excellent knowledge of Program Management Methods and Tools
- Over 5 years of Aviation / Aerospace experience
- Know-how of EASA Part 21J & Part 21G
- Excellent English skills

We address an independent specialist with distinctive analytical skills, who wants to take an active role within a small team of engineers. The ideal candidate likes to have contacts with internal and external customers, is able to assume increased responsibility and has a sane portion of assertiveness.

If you are willing to take part in creating the next generation of helicopters in a highly collaborative environment, then you are the right one for our team!

## Our offer

We are offering an interesting and unique job opportunity in an entrepreneurial environment with room to grow in every dimension. Our office is located in Wetzikon ZH.
